

THEY SAID SOMETHING

But the State Board of Health Didn't Tell Council Anything New About Water

That the Stevens Point water supply has been "extremely bad" for many years and that there should be no delay in improving it, was the statement contained in a letter to Mayor W. F. Owen from the state board of health and presented to the common council at its regular June meeting Tuesday evening.

A copy of Engineer Tully's report, as previously submitted to the council, was inclosed with the letter. Mr. Owen said he had it in mind to write the state board that citizens of Stevens Point have for many years been aware of the fact that the city water supply is in need of improvement, but he hadn't got around to it.

The meeting, which was attended by all the twelve aldermen, went off smoothly, although there were contests on several questions of ordinary importance. In opening the meeting Mayor Owen called the attention of the council to the fact that there are several rules that should be observed in the proceedings of the body, by which order can be preserved and business transacted without waste of time. He mentioned in particular that "talking across the tables" is not countenanced by any rules of order.

A synopsis of the proceedings follows:

A petition from Joseph Ossowski, one of the city's street cleaners, asking for an increase in wages from \$2 to \$2.25 per day, was granted. "High cost of living," said Joe.

Application from Ole Ottom for a license under the new ordinance governing the operations of sidewalk builders, accompanied by a surety bond of \$1,000, read and license ordered granted.

A similar application from Mike Stroik, who recently moved to Stevens Point from Tomahawk, was denied until such a time as a satisfactory bond is furnished.

Mrs. Mike Scharwak, a city charge, was voted aid of \$7 a month, rent and wood. At the last meeting this was cut to \$10, without rent and wood.

A new ordinance governing the personnel of the board of review, printed elsewhere in The Gazette, was read and adopted. The council voted that any appointments to be made under this ordinance be left to the mayor and confirmed later.

A motion to dispense with the using of road oil this year in the city was lost. Alderman Cassidy, Schueller and Schoettel voting in favor. The board of public works was then instructed to negotiate for the purchase of a carload of road oil. If it can be obtained at a reasonable price, application for oil must be approved by the federal authorities, through the state highway commission, before shipment can be made.

The board of public works was instructed to connect up two catch basins on Water street that are not now in condition to drain the street and, if necessary, to move them to a new location and do the necessary grading. The board was also instructed to repair a bad place in the road leading to St. Peter's cemetery.

It was voted to instruct the park commission to have all bill boards removed from city property. Special reference was made to the billboards of the Stevens Point Poster Advertising Co. near the Soo depot.

The question of changing the recently enacted ordinance licensing pool and billiard halls was left open so that an ordinance can be drawn for presentation at the next meeting. Aldermen Schueller and Schoettel said they thought the fee of \$15 for pool tables and \$10 for billiard tables was too high, and the former said he thought \$1 would be fair for both. Alderman McDonald said he thought \$50 a table was none too much.

J. F. Maxfield, engineer in charge of the construction of the new Whiting avenue concrete road, reported that work was going ahead very satisfactorily and that concrete pouring would probably be started next week, at the Polver end. He said the road should be finished by August. In response to a question of Alderman Redfield, he said he did not think it was necessary to have an expert inspector on the job while an engineer was in charge.

A representative of a road machinery firm addressed the council regarding a street sweeping machine, costing \$450. The board of public works was instructed to investigate this and report at the next meeting.

The salary of the health officer, which was accidentally omitted when the schedule was made some time ago, was placed at \$500 per year, the same as last year. Dr. C. von Neupert, health officer, appeared before the council to explain some misunderstandings regarding the receipts of his office. He said he receives \$500 as health officer and \$300 as city physician, and that in the latter capacity is supposed to give medical attendance to all paupers, furnishing medicine as well as time. He said he figured his returns on this service average 45 cents a call. He also said he receives but 15 cents each for registering vital statistics instead of 25 cents.

Alderman Cassidy reported that he and Alderman Welsh had interviewed George H. Sutherland and that the latter expressed a willingness to accept Judge B. B. Park as arbitrator in determining the value of Mr. Sutherland's South Side property, which the city desires to acquire. No action was taken.

Alderman Schueller explained the proposition of a Madison company, which offers to install in cities traffic posts of permanent construction, worth \$125, free of cost, the company to retain the advertising privilege. It was voted to have a representative of the company come here to explain the proposition.

A meeting of the council will be held on Tuesday evening, June 17, to take up the question of saloon licenses. The license committee will meet the preceding evening to make up its report.

BUY TICKETS NOW

All who expect to attend the High school alumni banquet and dance must purchase tickets at once, so that the committee may know for how many to provide. Tickets are on sale at Krembs' drug store or may be bought from individual members of the committee. The price is \$1.00.

REGISTER YOUNG MEN

Those Who Have Turned 21 During Past Year Are Being Listed Under Draft

The registration of young men who have reached the age of 21 since June 5, 1917, is being accomplished in Portage county today by the county board of exemption. Registration booths were conducted as follows:

Court house, Stevens Point, A. E. Bourn, W. E. Fisher, W. E. Atwell and Dr. C. von Neupert, Sr., in charge. Rosholt—Sheriff John F. Kubisiak and the Misses Ruth and Grace McCullum.

Amherst—L. A. Pomeroy. Almond—O. A. Crowell. Up to 1:30 o'clock this afternoon nearly 100 had been registered at the court house. Carl Onseheut, who has made several unsuccessful attempts to enter some branch of the service, had the honor of being registrant No. 1 here.

It is believed that early estimates that the number of men to register would not exceed 250 in the county, is considerably too low.

JOINS THE NAVY

Robert Grade, who went to Wausau last Wednesday to take a preliminary examination for enlistment in the navy, reported for training last Friday night at Great Lakes, Ill. He enlisted in the radio branch.

PARISH PRIEST ILL

Rev. S. A. Elbert, pastor of St. Peter's Catholic church, is receiving treatment at St. Michael's hospital. His health has not been of the best for some time, but he did not enter the hospital until Monday afternoon of this week. That he is improving nicely is the good word from his bedside.

CALL THOUSAND MEN

A call for 1,000 men, to be sent to Fort Riley, Kansas, during the five-day period beginning June 24, has been received by the Wisconsin draft officials. What Portage county's share will be has not been announced. It is presumed the men are to be used for general military service.

IN AMBULANCE COMPANY

Frank Abb, Jr., of this city, who left Stevens Point several weeks ago for Columbus Barracks, Ohio, as a National Army recruit, is now at Camp Wadsworth, S. C. That he is making good in the army is evidenced by the fact that he was one of 27 men chosen from a total of 4,000 for assignment to the 20th ambulance company there. In a letter to a local friend he says the company is being trained in its work, the instructions thus far being mostly through lectures on first aid work.

SEVEN MEN VOLUNTEER

The Portage county board of exemption has received a call for six men, qualified for general military service, to be given special mechanical training. Arrangements have been made to send, on June 15, 103 men to Beloit college at Beloit for special gas engine instructions and 515 to the University of Wisconsin at Madison for instructions in wood working. The Portage county registrants who have listed their names as volunteers under these calls are: Joseph E. King, Frank E. Kelly, Adolph Beranek, Warren D. Tozier, Arthur H. Dean, Theo. W. Frank, Dedlois Engelbreton. As only six can be sent, one will have to be refused enlistment.

FOR SPRUCE DIVISION

Earl A. Wilson, Mason J. O'Brien, Lorentz Martini and Henry Schade-wald, all of whom were placed in the special and limited service class by the local draft board, have volunteered for service under the call recently announced for men of their class for service in the spruce production division of the signal corps. Whether or not it will be possible to take all four is not known, nor has it been stated when men for this branch of service will be sent to Vancouver Barracks, Wash. O'Brien is assistant secretary of the Wisconsin Hardware Insurance association and the two Hardware Mutual insurance companies.

NEW POULTRY CONTEST WILL GET DIPLOMAS

Citizens National Bank Offers Attractive Prizes to Raisers of Chickens

A poultry contest, open to all residents of Portage county, has been inaugurated by the Citizens National bank of Stevens Point, to run until October 15, 1919. The contest will work for larger production and encourage better breeding, thus conforming to the work of the federal food administration.

Entries are now being received, and the number of persons already entered is larger than had been expected so early. Trophies to be awarded to the winners will be placed on display in the window of the Krembs drug store some time this week.

A handsome quadruple silver plate cup, standing 18 inches high, will be awarded to the person sending in the photograph of a group of 12 chickens or more, 90 days old or over, raised by himself or herself from baby chicks or setting hens. The chickens can be of any standard breed. For the five next best displays in this class beautiful Spalding gold medals will be awarded and for the five next standard silver medals.

For the photographs of the best six or more thoroughbred chickens, five gold and five silver medals will be given. Ten handsome gold-bronze souvenirs will also be given for the photos of the best flocks of 100 chickens or more.

CONFIRMATION IS DELAYED

Confirmation services, which were to have been held at Trinity Lutheran church next Sunday, have been postponed on account of the illness of one of the members of the class of 13. The services will be held as soon as the entire class is able to appear.

DEDICATE SERVICE FLAG

The dedicatory address for a new service flag was delivered by Rev. Theo. Ringo of this city at the Lutheran church in New Hope last Sunday evening. The flag contains five stars for five members of the church in the service. A large crowd attended the service. Rev. Christian Hoel, the pastor, gave an address and there was also special music.

TO ENTER SERVICE

Gordon Lovejoy, a graduate of the Stevens Point Normal last year and who has been principal of the state graded school at Cochrane, Buffalo county, returned to his home here Monday, having completed his year's work. He expects to enter some branch of the nation's service, possibly the radio corps of the navy.

THE CIRCUIT COURT

Elisanor Wiza vs. Bernard Wiza. Divorce action. Case to be submitted on briefs.

In the matter of refunding notes and bonds of the Portage County Drainage district. Order granted as prayed for.

Wisconsin State bank vs. Cornelius Reveland et al. Judgment of foreclosure and sale for the sum of \$1,090 damages, \$50 solicitor's fees and costs.

Robert K. McDonald vs. Lullu Reveland. Judgment for plaintiff as prayed for.

BACH SAFE OVERSEAS

Edward G. Bach, secretary and treasurer of the Hannon-Bach pharmacy of this city, has landed safe overseas as a pharmacist in base hospital unit No. 23. A cablegram saying he was safe and well was received by his wife, who was formerly Miss Frances Haddock, here Monday morning. Mr. Bach enlisted last summer, but did not receive his call until January. He then reported at Fort McPherson, Ga., for training. Camp Merritt, N. J., was where he was stationed just before departing.

FOR ILLEGAL FISHING

Two Men Charged With Netting in Lake Emily. Assessed Heavy Fines and Costs

Charged with netting fish in Lake Emily, Felix Durzinski of Stockton and Frank Grant of Chicago were arrested Monday morning by J. V. Kelsey of this city, deputy conservation agent.

On being arraigned in county court soon afterward, each was assessed \$75 and costs, or \$85 in all. Durzinski settled, but Grant was unable to produce the desired amount. Sentence in his case, however, was suspended under \$100 bonds, furnished by Rudzinski, and he was given until Thursday to pay up. Failing in this he will be committed to the county jail for 60 days.

It is said that there has been considerable illegal fishing going on at Lake Emily, which is one of the county's most beautiful and popular outing places. Many residents of Amherst Junction and surrounding country have been decidedly wrought up over this fact, and it was largely through their cooperation that Conservation Agent Kelsey was able to bring Rudzinski and Grant to justice. Rudzinski's automobile, in which he had driven to the lake, was seized, but was released after he had appeared in court.

EIGHTH GRADE GRADUATES OF PORTAGE COUNTY RURAL SCHOOLS TO ASSEMBLE IN CITY

The annual commencement exercises of the Portage county rural schools will be held at the Stevens Point Normal, in the auditorium, on Saturday, June 15, when the boys and girls who have successfully completed their eighth grade work will receive diplomas.

In connection with the commencement festivities, contests in spelling, arithmetic, baking and sewing will be held in the morning, beginning at 10 o'clock. The commencement exercises will be held in the afternoon, followed by a field meet.

The general public, particularly those residing in the rural districts of the county, are invited to attend. Those who come are asked to bring lunch with them. Coffee and cream will be served, but no sugar will be furnished, owing to the government's appeal for conservation of this product.

CAN'T GET FURLOUGH

Joseph Ossowski, son of John Ossowski, Stevens Point route 6, was refused a furlough from his duties with the headquarters company of the 136th Infantry, National Army, Camp Cody, N. M., because of "the liability of this division to overseas service." The elder Ossowski has a large farm and desired to have his son at home to help operate it until August. The application for a furlough was disapproved by F. G. Maudlin, brigadier general.

HE'S HUSKY SOLDIER

J. R. Congdon of the H. D. McCulloch Co. a few days ago received an interesting picture from France, showing Karl Schenk, former clerk in the drug department at the company's store and son of Mr. and Mrs. C. A. Schenk, fully equipped for the front lines. The young man is a corporal in Battery E, 120th Field Artillery, which consists of Stevens Point and Kenosha men, formerly in the First Wisconsin Cavalry. The photo showed him with his steel helmet, gas mask and other service equipment. Standing beside him were two Kenosha corporals. Schenk is hardly recognizable as he has taken on much weight since he left home in July, 1917.

BEE EXPERT HERE

G. H. Cale, bee expert of the United States department of agriculture, was in Stevens Point Monday for a conference with bee keepers of the county. A number of farmers came to the court house to consult with him on some of the problems of bee keeping. While bee keeping is not a big industry in this county, it is especially important at this time because of the shortage of sugar. Some farmers of the county are keeping as many as 30 or 40 colonies. One of the problems of the industry is to prevent swarming. Mr. Cale discussed this and also other practical questions. Anyone wishing to be on a mailing list to secure free of charge reliable literature relating to the bee industry should make application to H. F. Wilson, college of agriculture, Madison.

KIN DIES IN FRANCE

Brother of Junction City Business Man Meets Death Serving Under American Flag

A brother of John Kaczor, who moved from Milwaukee to Junction City, this county, two months and a half ago and started a meat market there, died on May 14 in France from injuries received while fighting for the American cause, according to the following telegram from the office of the adjutant general at Washington under date of May 31:

"Deeply regret to inform you that it is officially reported that Sergeant Joseph Kaczor, machine gun battalion, died May 14 from wounds received in action."

The telegram was directed to John Kaczor at Milwaukee and was forwarded to him by mail. He was in the city today and interviewed A. E. Bourn, secretary of the local exemption board, regarding what action to take to obtain further information. Mr. Bourn wrote a letter for him to the adjutant general's office.

The dead soldier was 36 years of age, a native of Austria and of Polish descent. He lived in this country 20 years and was serving his second enlistment in the regular army when killed. He was with Gen. Pershing in the Mexican campaign and was one of the first members of the American Expeditionary Forces to be sent to France.

Surviving are his brother, John, of Junction City, another brother, Ignatz, who joined the American army last May and is now in France, and a sister, Mrs. Victoria Kazmiecjak, of Milwaukee.

MOOSE LODGE INSTITUTED

A local branch of the Local Order of Moose, christened Council No. 1572, was instituted at a meeting held Monday evening in Engstrom's hall, South Side. State Deputy Joseph Anderson of Milwaukee was in charge. The council has a charter membership of 70, with the following officers:

Dictator—W. E. Teickert. Past Dictator—W. E. Kingsbury. Prelate—Guy A. Roberts. Vice Dictator—Hugh Meeks. Prator—William Miller. Secretary—P. E. Daleiden. Treasurer—J. B. Plattner. Sergeant—Frank Hull. Inner Guard—H. W. Kodoski. Outer Guard—Joseph Mollen. Trustees—George Oertel, H. C. Hanson, J. J. Neuberger.

RUMORS ARE DENIED

Rumors that have been in circulation for several days to the effect that Ralph Friday, who is a member of Battery E, 120th Field Artillery, had been seriously injured in action in France, have thus far received no verification. His mother, Mrs. Agnes Friday, 996 Portage street, has had no word whatever, either from her son or from the government, that would indicate he was hurt or even sick. The story had it that he was shot in the hip. The names of other Battery E men have been similarly mentioned. Although little or no stock is taken in these wild rumors, many local residents are of the opinion that Battery E may now be up in the front, helping to stem the German advance.

TWO FINE SKETCHES

Charles McCreedy, Stevens Point Boy, Sends Interesting Drawings From France

Mrs. C. H. McCreedy has received a letter from her son, Charles McCreedy, under date of April 29, in which he inclosed two pen and ink sketches he had made near the battle lines in France, where he is serving as driver of a field ambulance.

One of the pictures showed the ruins of a village near where he was at one time stationed. In the center of the sketch a church, battered almost beyond recognition by Hun shells, is shown. The other sketch is of a dead German soldier lying outstretched on the ground alongside some barbed wire entanglements. The figure, with gas mask covering the face, has a ghastly appearance. Both sketches involved some exceptionally fine work, in which Mr. McCreedy's experience as an engraver while at Milwaukee for several years stood him in good stead.

Portions of the letter were as follows:

"The work is very light, but there are nine cars on duty each day, which means that each of us works nearly every other day, there being only 21 cars in all.

"I think they will need men almost as badly after the war ever here as they do now, and if I find that I can do anything to be of any use I might plan to return to France."

BODY LAID TO REST

Sons and consoling of the deceased, one of whom was J. W. Dunegan of this city, served as pallbearers at the funeral of M. Cahill, held at Waukesha on Tuesday morning of last week. A fitting eulogy was pronounced by Rev. W. G. Miller, who conducted burial services at the Waukesha Catholic church and offered prayers at St. Joseph's cemetery. From an extended write-up in last week's Waukesha Dispatch the following paragraph is taken: Mr. Cahill was one of Waukesha's best known and most respected citizens, having for many years been engaged in the blacksmithing trade here. He was born in the County Galway, Ireland, May 1, 1838, emigrating with his parents to New York in 1850. Later he lived at Lee, Mass., and at Brooklyn, N. Y., his marriage to Miss Betty Dunn taking place at the latter place in 1860. Five years thereafter the couple came to Waukesha. Mrs. Cahill died a few years ago.

WAR GARDENS

By H. R. Brentzel, Department of Agriculture, Stevens Point Normal

More than 200 boys and girls in the city of Stevens Point have enlisted in Uncle Sam's Garden Army and this number of faithful workers will produce quite a number of pounds of food during the summer. Records will be kept of the kinds and amounts of products grown in each garden during the entire summer and the totals of these will be published at the end of the contest.

There is a number of contestants who are anxious to help in this war effort. They could get some ground in which to grow a garden. You will be of great assistance in a good cause if you will report any vacant lots or suitable grounds which these contestants can use. Even though you do not own the property, if you can give as the name of the owner or the location of the lot, that will be a great help. Report these to Mr. Dunegan at the First National bank.

Supervisors to Visit Soon. Contestants will be divided into groups of convenient size and an advisor will be assigned to each group and will make at least one visit each week to each garden to which he is assigned. These supervisors will make their first visit the latter part of this week or the first of next. The exact day for their visit will be announced later.

Advice at Normal. In case you are in need of help or suggestions in connection with your garden problems before the supervisor comes to you, call the Normal office for Agricultural Department and make your wants known there. This advice is absolutely free and will be gladly given.

ROTATOES IN IRELAND

It is said that the potato crop in Ireland will be a record for the year 1918. This is due to the fact that the weather has been very favorable for the crop.

HEADS BIG MERGER

George C. Taylor, Who Has Local Connections, Heads Combined Express Companies

The following paragraphs, which were taken from a dispatch from Ripon, are of local interest because of the fact that George C. Taylor, to whom they refer, is a brother of Mrs. James Van Hecke of Chicago, whose husband formerly lived in Stevens Point and is a brother of C. E. Van Hecke of this city.

From express company messenger to president of a combination of the leading express companies of America is the feat of George C. Taylor, 18, who was born in Ripon. The plan for the merger of the American Express, Wells-Fargo, Adams and Southern express companies was approved by Secretary McAdoo and Mr. Taylor, president of the American Express Co., is to head the merger.

Mr. Taylor was born in Ripon in 1870 and was graduated from the Ripon high school. During vacations and after school hours young Taylor worked in the office of the American Express Co. His first permanent job was messenger on the Ripon to Winneconne run, for which he was paid \$25 per month.

EDITORIAL

Anyhow the Lusk murder trial has given the headline writers a diversion from the war.

Don't worry about how much the war is costing. Think of what it would cost to lose it.

The Russian people probably agree by this time that there are some things worse than war.

The merchant who advertises is the merchant to patronize. It is human nature for a man who has a good thing and knows it to tell the world about it.

When you hear someone talking about an early peace, don't overlook the fact that a nation that can conduct an offensive such as that Germany started two months ago is far from licked. And a licked Germany is the only Germany it will be safe for the rest of the world to treat with.

Lloyd George, English prime minister, says the submarine has ceased to be a dominant factor in the war. But the fact remains that relatives of American soldiers traveling across 3,000 miles of watery waste are greatly relieved when they get the news of the safe arrival of their loved ones abroad.

Remember that what counts is not how much a person gives to patriotic causes, but how much a person gives in proportion to his means. Fund-raising campaigns such as that of the Red Cross uncover shining examples of patriotism where least expected. And likewise they make a good many self-satisfied "patriots" wince by touching their tenderest spot—their pocketbook.

The departure of 100 Portage county selectmen recently for Camp Grant, Ill., where they will be trained as members of America's mighty army, is but an incident of the great war. But nevertheless, as the flow of sturdy, patriotic young men out of the county's social and industrial life into the military service continues, the cumulative effect is of vital concern to every resident of the county.

Up to date well onto a thousand of the cleanest and most substantial young men of the county have responded to the nation's call. And the end is not yet—scores, perhaps hundreds, of men who are still a part of the civilian population of the county are likely to be called before an honorable peace, a peace that will guarantee the world's future, is attained.

We must remember that what America has done in the war thus far has been largely along the line of preparation; that she has "not yet begun to fight."

One important lesson to be brought home by the withdrawal of men occasioned by the war, is that idleness, in effect, one brand of disloyalty. "Work or fight" is the war department's order to men of draft age, but the thought is applicable to men of other ages as well. Not everybody can shoulder a gun, but there is no excuse for a man, who is physically able, refusing to help keep the wheels of industry moving.

The man who does himself the little odd jobs he had formerly hired someone else to do, is releasing for service elsewhere labor that may fill up holes in our hard pressed industrial structure.

Memorial Day was born of a war fought that this nation, under God, should have a new birth of freedom, and that government of the people, for the people and by the people shall not perish from the earth.

A half a century and more has passed since that immortal utterance. Now the nation is again in arms, to fight that "the world may be made safe for democracy."

Then, the young republic, struggling upward toward its vision of freedom, learned through the bitter travail of Civil war that the nation could not exist half slave and half free. The vision has broadened with the widening years. Then it was for the freedom of a race the nation fought. Now the sword is drawn for the imperiled liberty of the world.

The natal day of our independence we have been wont to celebrate with loud acclaim and vaunting pride. Memorial day ever has been our time for solemn contemplation. Another Memorial day has passed, and as America lay its flowers on the grave of its soldier dead, it heard again that revered voice from the slopes of Gettysburg bidding us to be not unmindful that "it is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain."

A beautiful, a poetic symbolism Memorial day had come to be to us: The people who walk with slow steps in the quiet cemeteries, the children in their white dresses who with loving hands place wreaths "alike for the friend and the foe," the venerable men who are the links that bind us to an age long gone, and, as we believed, forever gone, when nation warred with nation and blood lust grew in hearts that had thrilled at the sight of the same flag.

And now with what a new and sudden significance has Memorial day been vested. With what different thought they go "lovingly laden with flowers." How much more reverently than in those conventional days that already seem so far away the little flags planted on each patriot mound. And—who is there, when taps, clear and soft as a benediction, is sounded for those who "dream of battlefields no more," will not remember that on a neighboring hill on the morrow from that same silvery bogle will leap the reveille for another generation of freedom's soldiers?

If solemn memories of the past and earnest thought for the future bring that new birth of freedom, who shall

say that those have died in vain for whom flowers will be spread in far Memorial days to come?

Now that the Red Cross drive is over, the day for signing pledges for the War Savings campaign draws near. In fact, it is less than a month away. June 28th is the day set for the signing of these pledges, and it not only is expected, but demanded, that every resident of every town, village and hamlet in the United States subscribe.

It will not only be a matter of raising the big sum that Uncle Sam wants to run the government, but Uncle Sam wants to know who is doing it. He wants to know how many patriotic citizens there are in his United States. It was not possible for every one to buy a Liberty Bond, but it is certainly possible for every one to buy a Thrift Stamp, and for many to buy War Savings Stamps. They are baby bonds—and every one should own at least one.

When one realizes that even the lepers at Molokai, one of the Hawaiian Islands, have bought \$3,000 worth of Thrift and War Savings Stamps, as their contribution towards winning the war, it should surely be an easy matter for healthy, prosperous people to do so. These lepers have no hope of any future and they are many more thousands of miles from the battle front than the people of the United States.

Cardinal Gibbons is one of the enthusiastic upholders of the Thrift and War Savings Stamps. He has sent out the following appeal:

"The door of opportunity to serve our country is flung wide open for practically every man, woman and child by the sale of War Savings Stamps. This is the most impressive thing about the movement which is being undertaken by the National War Savings committee.

"There can be few people whose circumstances will not permit them to buy at intervals the 25-cent Thrift Stamp, and with each purchase gain step by step possession of the War Savings Stamp, for each one of which the credit and resources of the United States are pledged to return \$5 for what now costs \$4.16.

"Such a return being produced by the process of compound interest carries the lesson of Thrift in a practical and convincing way. I earnestly commend to young and old, and more particularly to parents, this simple and easy method of acquiring the habit of thrift.

"Many sorrows are avoided and much happiness is to be gained by the timely application of the principles of thrift. To the building of character it brings profitable acquaintance with self-denial and self-reliance. It is a valuable aid to good citizenship and a blessing that once properly grounded is a faithful companion through life.

"We have reached a time in our national life when no loyal citizen of this country can afford to spend a dollar for wasteful luxuries."

UTILIZE REJECTED MEN

Draft Registrants Barred From Army Because of Minor Physical Defects Must Serve

Washington, D. C., May 29.—Two hundred thousand men of draft age, who, because of minor physical defects have been held by examining surgeons over the country for limited military service, are to be employed in producing or handling equipment for the army.

Provost Marshal General Crowder announced tonight that the army staff corps will utilize the service of these registrants and thus release fighting men for the front line.

Gen. Crowder today issued the first call under the new plan. Orders went forth to governors of states for upwards of 9,000 men for service in spruce production for airplanes. The men will be allowed to volunteer until June 6. After that date a report will be made to the provost marshal general and if there are not sufficient volunteers, allotments will be made to the various states to be filled by involuntary inductment.

Some 10,000 men of the army now are engaged in getting out spruce timber in the northwest and the signal corps constantly is increasing this number. Consequently the sending of the new men to this field will constitute no new policy and it is understood that it has no relation to complaints that Industrial Workers of the World there have retarded the output of spruce.

Some twenty-four trades or classes, including railroad, transport and construction men, office workers, and laborers, are desired for the spruce division.

A TEMPERANCE ADDRESS

Jas. H. Woertendyke of California will give an address this evening at the Baptist church on the temperance issues of the day. Everyone knows prohibition has become a very live issue, many believing that the success of the war depends on its enactment. Mr. Woertendyke is one of the ablest speakers on the temperance platform, has had many years experience, and comes loaded with the latest facts and information. No one interested in the success of this movement can afford to be absent from this meeting.

USE OF OIL CURTAILED

The federal office of public roads and rural engineering is a party to an agreement with the U. S. fuel administration whereby road authorities desiring to construct, maintain or reconstruct highways requiring coal or oil products in construction, maintenance or repair, must have their applications for these materials approved by their state highway departments and by a committee headed by L. W. Page, director of the office of public roads. Approved applications are to be transmitted to the fuel administration, which will permit delivery of the materials when they are available. Restrictions on the use of these materials have been necessitated by the need of the army and navy, essential war industries, and the allies for fuel, oil, and coal.

GLIMPSES INTO PAST

Happenings Mentioned in The Gazette Twenty-Five and Ten Years Ago This Week.

Twenty-Five Years Ago (June 7, 1893)

Geo. Perkins, father of Fred H. Perkins of this city, died at his home in Oshkosh yesterday morning.

Jos. A. Versen and family, who have been residing at Marshfield for some time past, are now in the city, and will remain here for some time.

Rev. W. J. Rice, the new pastor of St. Stephen's church, arrived in the city last Wednesday evening and preached his first sermon on Sunday.

Mrs. Elizabeth White died at the home of her daughter, Mrs. Nathaniel Weston, near Centerville, Turner county, S. D., last Sunday morning. Two sons, A. R. of this city, Arthur M. of Greenwood, and one daughter, Mrs. Weston, are the surviving members of the family.

The marriage of Wm. McHugh and Miss Katherine Dawson took place at St. Mary's church in the town of Stockton, last Wednesday afternoon, the ceremony being performed by Rev. Father Hummel. The bridesmaids were Misses Annie McHugh and Nellie Dawson, and Jas. McHugh and John Dawson acted as groomsmen.

Ten Years Ago (June 3, 1908)

Mrs. Henry Morgan of the town of Linwood, died at the old homestead last Wednesday evening.

William Hurlbut of this city, died at Harrison Valley, Pa., where he had been visiting, last Thursday forenoon.

Florence C. Bernklau and Adolph P. Sager were united in marriage at St. Stephen's church by Rev. W. J. Rice this morning.

Patrick O'Connor has been appointed chief of police by Mayor Cashin to succeed John Leahy, who has held the office for the past four years.

Howard E. Berry, son of Mrs. Florence Berry, 82 Wisconsin street, was married at Berlin last Saturday morning to Miss Emma E. Jensen of that city.

Moritz and Franz Krembs and Leon Pasternacki are among the graduating class of the Northwestern University Dental School, which holds its exercises on Thursday, June 4th.

Mrs. Gratia Daniels passed away at her home on Center street Monday morning, aged 81 years. Two children, James Daniels of Proctor, Mo., and Miss Mayme Daniels, of this city, survive.

Mrs. Wm. Zimmer passed away at her home on Water street this morning, aged 60 years. Her husband and seven children, Louis G. of Eau Claire, Mrs. Claude Parker of this city, Otto, Mrs. J. H. Smith and Rudolph of Anaconda, Mont., Mrs. C. H. Packard and Alex of this city are left to mourn.

Louis Roseth, employe at the Journal office, was fatally injured when he fell from a second story platform at his place of work, last Friday afternoon and died a short time afterward. He was nineteen years of age and leaves his parents, one brother, Simon, and two sisters, Misses Mary and Mabel.

ROAD MAP OF WISCONSIN

The Wisconsin Highway Commission has just published a new pocket road map of Wisconsin showing the State Trunk Highway System and the Secondary Lines of Travel. The road information on this map is from official sources and believed to be accurate and reliable.

In addition, there is bound in with the map a 16-page booklet, giving many interesting facts as to the history, scenery, and achievements of Wisconsin, together with the location of the state properties and other statistical information.

The map and booklet together form an important addition to the publications on Wisconsin and will be of value and interest to every citizen and especially to automobilists.

The map may be had from news dealers and stationers or will be mailed postpaid by the Superintendent of Public Property, Madison, Wisconsin, on receipt of ten cents. Do not send stamps.

MRS. JOSEPH DIX

Former Resident of Junction City. of Late of This City. Passes Away Friday

Mrs. Joseph Dix, for many years a resident of Junction City, passed away at her home at 528 Sixth avenue in this city Friday at 6:45 p. m. Death was caused by paralysis and a complication of diseases.

Mrs. Dix was in the 58th year of her age. She was born in German-Poland and had lived in Wisconsin the past 66 years, 32 years being spent at Junction City and four years in Stevens Point.

The surviving relatives include the widow and nine children. They are Frank, Joseph, Mrs. Juliana Kozlowski and Mrs. Anna Weyerski, all of Junction City; Mrs. Mary Tomczak, Chicago; Mrs. Veronica Jasewski, Milwaukee; Mrs. Sophia Berlik, Chicago, and John and Lucy at home. All the children were in attendance at the funeral services.

The funeral was held from St. Peter's church at 8 o'clock Tuesday morning. Rev. S. A. Elbert officiated, following which the interment took place in the parish cemetery.

BIG SURPRISE TO MANY IN STEVENS POINT

People are surprised at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. THE INSTANT, pleasant action of Adler-i-ka surprises both doctors and patients. It removes foul matter which poisoned your stomach for months. W. W. Taylor, druggist.

DOING NOTABLE WORK

Stevens Point Ladies Get Congratulatory Letter For War History Service

The following letter was recently received by Mrs. N. A. Week of Stevens Point from John W. Oliver, Director of the Wisconsin War History Commission, created by the State Council of Defense:

"We have just seen in a recent issue of the Stevens Point Gazette an account of the honor roll, consisting of all the names of the men who have entered the service from your county, which you and Miss Moen compiled. Let us take this opportunity to congratulate you good workers upon the memorable service you are rendering for Portage county. Such a roster will, in years to come, be regarded as the most cherished possession in your county. And those who are now patiently doing the work will ever be gratefully remembered.

MUSICAL A TREAT

A large and enthusiastic audience attended the musical given by pupils of Hedwig R. Hein on Thursday evening, May 30. The recital was unusual and very interesting. The selections given by the young musicians were played with an assurance and careful attention to detail and interpretation that is not commonly met with in "Pupils' Recitals."

At the conclusion of the program the audience requested Miss Hein to give some selections, to which request she graciously responded. Miss Hein's playing is brilliant and has a sympathetic and appealing tone quality that leaves her audience well satisfied and glad that they were among those present.

MUST SAVE 38 BABIES IN PORTAGE COUNTY

Uncle Sam has given Portage county another big job to add to the rest of its work. Like that of the Red Cross, this is a task of mercy. Portage county is asked to save the lives of 38 children under five years of age this year. Such is the word which has come from the U. S. Government to the people of Portage county.

Some time ago we called attention in this column to the action of the Federal Children's Bureau in naming the second year of the war the "Children's Year" and in urging that social welfare activities center about the nation's youngest citizens. "What," the Children's Bureau has asked, "does it profit a nation to gain the whole world and lose the little children for whom it is fighting?" Baby specialists hold that, through the utilization of our present knowledge, available but insufficiently employed, one-half of the deaths among young children can be prevented. "Let us prevent at least one-third of them," says the children's Bureau. This means the saving of 100,000 lives in the United States, 2,410 lives in Wisconsin and 38 in Portage county. It would be a glorious thing to oversubscribe our quota as we have done in all campaigns.

Some people believe that rural Wisconsin has no infant welfare problem. Death records give the lie to this optimistic delusion. Every Wisconsin county—this is said with full knowledge of arguments advanced to the contrary—his its infant mortality problem.

How to meet it differs, it is true, in the country and in the city. The women's committees of the country councils of defense have been given the job of administering "Children's Year." In cities and towns, existing social agencies will combine and subdivide work in the interest of the children. In rural regions, success or failure in this war work rests largely with the individual parents. The children not only need enough food, but the right kind, prepared in the right way. They need fresh air in the house as well as outside. Keeping the water supply, the milk supply and the school free from contagion is often an individual rather than a community matter in the country. Above all, it is the individual parent's responsibility, it is his children do contract contagious disease, to make it impossible for them to become centers for its further spread.

IT WAS A COINCIDENCE

Father O'Brien Celebrates At Green Bay Same Time As Father Rice Here

When Rev. W. J. Rice became pastor of St. Stephen's Catholic church in this city twenty-five years ago, he succeeded Rev. M. J. O'Brien. Father O'Brien went from here to Green Bay, and it is an interesting coincidence that he and Father Rice have both just celebrated a quarter of a century of continuous service in their respective parishes.

Father O'Brien, like Father Rice, was a young man, not long out of the theological seminary, when he came to this city. He remained but three years, but during that period earned the whole-hearted love and respect of his congregation and scores of persons not members of his church. How well he has served his parish in Green Bay is evidenced by the following article, taken from the Green Bay Press-Gazette:

"The Rev. M. J. O'Brien, the oldest pastor in point of continuous service in Green Bay, completed a quarter century as rector of St. Patrick's church yesterday. Of his thirty years in the priesthood, twenty-five of them were spent in the West side church in Green Bay.

"At high mass Sunday morning, the Rev. O'Brien spoke briefly on incidents of his long career that were suggested to him by the anniversary event.

"Only three priests in the Green Bay diocese share the distinction of having served twenty-five years in the same parish. Not a priest or minister, who was in Green Bay when Father O'Brien came, is in the city now. Before coming here, Father O'Brien was pastor three years of St. Stephen's church, Stevens Point, and two years assistant pastor of St. Peter's church, Oshkosh. He will celebrate the thirtieth anniversary of his ordination June 24 of this year.

"The Rev. O'Brien witnessed the progress and growth of the city from 15,000 to over 30,000. The church of which he has been pastor so long had 174 new holders when he came, now it has 585 new holders. Only 40 of the original number are still on the list. The congregation grew so large that it had to be divided a few years ago, and the St. Joseph's church was organized. About \$112,000 has been spent by the congregation in the purchase of real estate, and in erecting buildings and making improvements. While pastor here, Father O'Brien has officiated at 2,350 baptisms, 620 marriages and 704 funeral services."

GOES TO JAPAN

Paul Van Hecke, 22-year old son of Mr. and Mrs. James Van Hecke of Chicago and nephew of Mr. and Mrs. C. E. Van Hecke of this city, is now in Japan, where he holds a responsible position with the American Express Co. The young man graduated from a Chicago high school two years ago last February, following which he took up a business course of a few months. Then he went to New York, where he was in the employ of the American Express Co. while attending the company's school for the training of men for foreign service. He studied Spanish, French and Japanese and completed his course last March, when he visited for a time at his parents' home in Chicago before leaving for the far east. He was rejected for army service.

To drive a tank, handle the guns, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships—an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery. This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the first end of a hard winter, no wonder you feel "run-down," blue, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! To-day is the day to begin! A little "pop," and you laugh and live.

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of May-apple, leaves of aloe and jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestines. You will thus clean the system—expel the poisons and keep well. Now is the time to clean house. Give yourself a spring house cleaning.

A GOOD PRODUCTION

The White Elephant, Given by Local Talent, Pleases Audience—Will Be Repeated Tonight

The Red Cross Benefit Club and the producers of The White Elephant have no "white elephant" on their hands, as was proved by last evening's performance at the Armory. It is a musical comedy full of "pep" and merited the generous applause of the good sized audience present.

The cast, chosen for their fitness, is made up of some of Stevens Point's best talent. The acting, dancing and staging were supplemented by a musical program that was a delight and the whole was a most artistic and satisfying entertainment. Excellent performances were given by the company at large, those taking the leading characters showing much ability and those in the lesser roles were most pleasing. The performance swung along at a good gait and many clever witticisms were offered at the expense of well known local people. The variety of songs and dances made the show pleasing and the many changes of costumes were attractive and charming.

The stage limitations were overcome in a most capable manner, and on the whole, the meager opportunities gave proof of the skill of the management and the talent of the performers.

Nearly thirty Wausau people came down in cars to attend the performance last evening, thereby aiding the good cause for which the play has been put on and also as an appreciation to Mr. and Mrs. J. A. Darnaby, who have the management in charge and who recently put on a most successful performance at Wausau. At the close of the play the visitors, amid loud applause, called for Mr. Darnaby, who made his appearance and gave a short curtain talk.

A large number of tickets have been sold for this evening's show, but there are still a few left and those who did not see The White Elephant last night, should not miss this opportunity to enjoy a delightful entertainment.

The play has been put on under the auspices of the Red Cross Benefit Club and it is hoped that the members may be able to turn over a fair sum from the proceeds to the local chapter of the Red Cross.

WATER GOING DOWN

The water in the Wisconsin river is steadily receding from its flood height. The coffer dam at the new Jackson Mill dam, which was broken when the water rushed in, filling the pit on the east side of the river, has been repaired and the work of pumping out the water in the pit was begun this noon.

ELEVEN TURNED BACK

Portage County Soldiers Sent to Camp Grant Get Discharges After Final Tests

Turned down by the examiners at camp for various physical defects, ten men who were sent to Camp Grant on May 26 and one who was sent on April 29, returned to Stevens Point Tuesday morning with honorable discharges.

The list follows: Leo Vicker, Chester Winslow, John Plisk, Henry Hinc, Joseph Wetta, Nicholas Ludwowski, Valentine Friday, Adolph Neuwald, William Van Order and Henry F. Berndt. All but Van Order, who went in April, were sent to the camp on May 26.

The number of "turnbacks" from Camp Grant since the last call was filled was beyond all expectations. The Portage county men had passed the local examinations and no such number were expected to be rejected in the final tests. The government's policy, it is said, is to keep in camp now only those who are so near to perfection that they will be ready for overseas service in record time.

SAILOR BOYS SAFE

Two Stevens Point Young Men, In Crew of Wrecked Transport, Not Among Missing

Harold Bergholte and Harold Todd, Stevens Point boys, were on the transport President Lincoln, when it was sent down by a German submarine while returning on May 31 from overseas, and both are among the survivors.

The following message was received by Alex Bergholte, father of Harold Bergholte, Tuesday morning:

"The Bureau has just received the list of men lost in the sinking of the U. S. S. President Lincoln on May 31 and is very glad to inform you that the name of your son, Harold N. Bergholte, seaman 2nd class, does not appear on said list. The Bureau is glad to conclude that your son is among the survivors. The disposition and destination of survivors is not known at this time. Address all inquiries to the Bureau of Navigation, Navy Department, Washington, D. C."

A similar reassuring message was received by Simpson Todd, father of Harold Todd.

Young Bergholte was 20 years of age on May 30 and that day was also the first anniversary of his call to active service in the navy. He enlisted May 2, 1917, but was not called out till the last of that month. For a time, after completing a training course at Norfolk, Va., he was on the U. S. S. Wyoming, but was taken sick and underwent an operation for appendicitis. He then returned home on a furlough. On returning to active service he was assigned to the President Lincoln and was completing his fourth round trip to Europe when the submarine interfered.

Todd had been serving on the President Lincoln, but relatives had learned that he expected to stay in France. It is possible, therefore, that the message to his father may have been sent in order to head off speculation that he might have been on board the ship and lost.

CASE IS APPEALED

Notice of an appeal from the judgment of Judge B. B. Park in the case of Dr. F. A. Walters vs. the Milwaukee Sentinel, has been filed in the office of the clerk of the circuit court here by the defendants. The jury in the case assessed damages resulting from an alleged libelous article published in the Sentinel at \$4,000, but this was reduced to \$1,800.

GERMAN BOOKS DISAPPEAR

Unknown persons made a raid on German text books in the Stevens Point Normal and High schools last Wednesday night and succeeded in diminishing the supply of German literature on hand in both schools. The exact number taken from the text library of the Normal is not known, but it was considerable and none of the books have been recovered. From the High school about 30 books were taken from the room of Miss Homberger, teacher of German. None of the books at either school belonged to students. The High school lawn and various streets of the city were decorated with German books, most of which were badly torn and otherwise damaged. The High school will drop the teaching of German after the present year, but the Normal will offer this subject where desired, the same as in the past.

Good in Cheerful Voice.

Cultivate a cheerful voice as a safeguard against the wrong things. It is not easy to complain or to utter doleful forecasts in a blithe and breezy tone, and moreover, the habit of tone affects the habit of thought.

Must Be Housecleaning.

Have You the Right to Ask?

Young men, are you so situated financially that you have a right to ask any girl to become your wife?

Is it fair to her or to yourself to ask her to help bear the burden of poverty?

No fortune is necessary for a start in married life, but can you show her that you have formed the habit of saving? Have you a savings account? The young man who puts a part of his savings in this strong bank each month, is the safe young man. It is the strongest recommendation to her father, both as a father and as a business man.

When you are ready to ask some girl to share your fortune, be prepared to show you do not mean "misfortune."

Let us keep your savings in this bank. Open the account at once and add to it every penny you can possibly spare. One dollar will start the account. Lay the foundation and we'll build the balance by paying three per cent interest, compounded every six months. All business confidential.

"A Rolling Stone Gathers No Moss"

If the Thought of That Old Adage was Ever True, It is True Today, When the United States is Passing Through the Greatest Crisis of Its History.

**Think What
It Means**

**Look Well to
the Future**

YOU Men and Women Workers of Stevens Point and Vicinity who are helping to keep the wheels of industry moving, be not lured away by the siren song of some distant employer. For your own sake, be sure that the pictures of opportunity held before you are not the work of an imaginative brain.

Use Your Pencils

Figure out for yourself what you will gain by leaving your present job, where your future is secure. You may get offers of increased wages elsewhere, but you must take into account the increased cost of living in places where abnormal growth has resulted from abnormal industrial development occasioned by the war.

It is true that the government must have men and women for essential war industries. But it is also true that much of the shifting of workers, skilled and unskilled, has no connection with essential war work and is encouraged by fanciful dreams of better returns for services rendered.

It Is Not Patriotism

that leads many men to jump from job to job, unless in so doing they are helping the government produce those things needed for the successful prosecution of the war.

It Is Not Good Business

sense that causes men and women to move about aimlessly, thinking only of the present and looking for opportunities that they never attain because they do not exist.

Your "Acres of Diamonds"

are at home, where you have established social relations, where you are making a good living, with opportunities of advancement, and where you are best able to serve your government, unless, as we have said, you can be of direct help to the government elsewhere.

Don't Be a Wanderer

Hold on to your job, add to your efficiency and thus help to overcome the labor shortage. By increasing your efficiency you increase production; by increasing production you increase the profits of business; by increasing profits of business you qualify yourself for increased wages.

FAIR PLAY IS THE VATCHWORD

Your employer is, or should be, anxious to be fair and just in these trying times. With employer and employee co-operating whole-heartedly, unity of purpose is established and all will gain.

Rev. Francis Laslow, aged 58, pastor of the Polish Catholic church at Red Granite, died recently of pneumonia. Father Laslow had a statewide reputation as a meteorologist and was known as a teacher of Americanism.

With "The Meaning of America's Entrance Into the War" as his subject, Elroy McFaul of Wausau, representing the Stevens Point Normal district, won the state oratorical contest at Wausau. Nine contestants were entered.

Lieut. John L. Mitchell, 25, son of the late John L. Mitchell, United States senator from Wisconsin, was killed in service with the American forces in France. He was in the aviation service and one of the first ten aviators sent abroad.

The annual meeting of the Wisconsin Conference of the Methodist Episcopal church will be held at the Byron camp grounds from July 11 to 21, inclusive. Among the prominent speakers will be Bishop Charles Bayard Mitchell of St. Paul.

The Wausau Canning Co. reports that the Alaska bears are 10 inches high, or about one-half full height, and near blossoming state. The plant will start operations about July 2, principally with women help.

Employees of the state prison at Waupun will get a 10 per cent increase in salary July 1. This is expected to give the institution a more permanent staff of employees. Thirty guards are needed for the prison.

"Guilty of murder in the second degree." After less than five hours' deliberation, the jury in the trial of Grace Lusk, charged with the murder of Mrs. Mary Newman Roberts, returned that verdict at Waukesha. The penalty is from 14 to 25 years imprisonment.

What is believed to be the oldest school house in western Wisconsin, called "The Gravel School House," situated near De Soto, Vernon county, was recently torn down. The structure was erected in 1845, on the site of the home of the first settler, Alexander McDowell.

Emma Mueller, 18, junior in the commercial department of the White-water Normal, was drowned Saturday. Her class was having its annual picnic and Miss Mueller, with three other girls, went swimming. She was seized with cramps and went down. Her home is at Princeton.

A shortage of school teachers is threatened in Wisconsin. So many women and girls have been attracted to industrial work by high wages since the war began that it is probable that many school boards will find themselves unable to obtain teachers even at advanced salaries. Rock county is one of the districts where the situation has become particularly serious.

The Evening Wisconsin of Milwaukee, one of the oldest dailies in the state, on Saturday announced a change of ownership. Mrs. Harriet L. Cramer, who had been proprietor since the death of her husband, William E. Cramer, in 1905, relinquishes control of the publication and W. H. Park, formerly associated with Melvin A. Hoyt in the ownership of the Milwaukee Daily News, becomes the new publisher.

The automobile of Jerry Blodgett of Marshfield, stolen some weeks ago, was recovered at South Milford, Ind., where it had been left for repairs and a man giving the name of Frank Kingston of Cleveland, O., was arrested and charged with the theft. It was so badly damaged that Mr. Blodgett, after driving it back to Milwaukee, turned it in as part payment for a new car. Kingston was arraigned in justice court at Marshfield and was bound over to the circuit court. In default of \$2,500 bail, he is in the county jail at Grand Rapids. His capture and the recovery of the car followed some clever detective work on the part of Sheriff Northington of Wood county, a brother of J. J. Northington of this city.

WAS OLD TIME RESIDENT

Many of our older readers who knew Fred Richardson as a boy and young man in Stevens Point many years ago, will be pained to learn of his death at Spokane, Wash., on April 17th. The Richardson home was at the corner of Normal avenue (Brown street) and Prentice street, in the house now owned and occupied by Otto Peickert. Other members of the family were two sisters, now Mrs. Louise Dessert of Wausau and Mrs. Josephine Powers of Mosinee, and a brother, Harry B. Richardson of Mosinee. Fred was born Sept. 1, 1852. He married Miss Della Juneau of Mosinee, who survives him, as do also three daughters and a son, all residents of Washington.

Mrs. Powers and Harry went to Spokane to attend the funeral, which was conducted under Masonic auspices. The sermon was preached by Rev. Burdick, a former Stevens Point pastor.

WRITES FROM ST. PAUL

Former Resident of This City and County Given Personal and Other Notes

Nick Eiden-Mitchell, a pioneer resident of Sharon township and who made his home in Stevens Point for several years before moving to St. Paul a couple of years ago, sends The Gazette an appreciated letter from the Minnesota capital, from which the following interesting extracts are taken:

"I had made plans through the winter to visit at the old home, but the cruel war interfered. We are always looking for The Gazette on Thursday evening; Mrs. Eiden usually beats me, as she is on the look-out for the paper, which we consider as a letter from home. Our son, Leo, came up from Camp Dodge on May 19th for a furlough of five days. He looks well and healthy and reports good treatment. His company expects to leave for France about Sept. 1st.

"Our oldest son, Albert, had the misfortune of getting his hip broken when a street car struck him May 24th. He will be laid up a long time. I also had an attack of appendicitis and was very sick for a night and a day, but pulled through without an operation. I'm not feeling well yet but think I will come out all right and be in condition to visit you people at fair time. We have had about ten days of rainy weather of late.

"The Twin Cities are booming, as many of the factories have big war contracts. Best wishes to all old friends."

TALKS TO GRADUATES

Father Gear Delivers Eloquent Baccalaureate Sermon to High School Seniors

"How long go ye limping between the two sides? If Jehovah be God, follow him. * * * And call ye on the name of your God, and I will call on the name of Jehovah; and the God that answereth by fire, let him be God."

This passage, taken from the eighteenth chapter of Kings, was the text taken by Rev. E. Croft Gear for his baccalaureate sermon to the graduating class of the Stevens Point High school at the Episcopal Church of the Intercession Sunday morning. Father Gear gave the young men and women of the class, a large majority of whom were present, much to ponder over by developing his subject in a practical way.

"It is absolutely essential that man shall have a master," he declared. "God made man a free being, with the power to choose, the power of will, but we only have freedom when we obey. The man who is really free is he who lives in obedience to laws—the laws of hygiene and health, the ordinances of the city, the laws of the state and nation, the laws of education and the other laws working for the welfare of man. Only in obedience to law, only in the recognition of the responsibility to choose and to choose right, is there any kind of true happiness. Otherwise man is a slave."

"There is a recognition of God and religion and of the relation of human creatures to the higher power in every corner of the earth. Man was created originally a religious being. To serve God is, from the practical standpoint, to get results because the bible itself is a covenant or an agreement between two or more persons—God on the one side and the people on the other."

In proof of his statement that to serve God is to get results, Father Gear said: "Wealth cannot buy friendship, health, love or anything which, in this earthly life, we hold as worth while." He contrasted the conditions existing in countries classed as "heavenly" with the so-called Christian nations, to show that Christianity elevates the human race to a higher plane than any other religion.

"Choose, ye this day whom ye shall serve," was Father Gear's advice to the graduates. "But," he said, "it is better to reject the incarnation of Christ as too big to understand than to accept it and not let it affect our own lives and our conduct."

THIRTY-FIVE ELIGIBLE

That Number of Draft Registrants in Portage County Can Enlist in Spruce Division

Portage county has about 35 draft registrants qualified for special and limited service who are eligible for enlistment in the spruce production division of the signal corps, as announced in orders from Washington last week.

The draft officials of the state have called for a classification of these men in the various occupations. Following are the occupations in which these men will be listed: Locomotive engineers, locomotive firemen, railroad grade foremen, wooden bridge carpenters, locomotive repairmen, telephone linemen, railroad surveyors, telegraphers, draftsmen, pile driver foremen, stationary engineers, steam shovel operators, carpenters, steam fitters, electricians, auto mechanics, auto drivers, cooks, clerks and railroad brakemen.

The Portage county board of exemption has been instructed to list men for voluntary induction in this branch of the service up to June 7, after which, if enough have not volunteered, men will be inducted.

FATHER LASLOW DIES

Rev. Francis Laslow, who had a considerable personal acquaintance in Stevens Point and throughout the county, died at St. Agnes' hospital, Fond du Lac, last Friday morning, aged 58. Father Laslow was pastor of the Polish Catholic church at Red Granite and for many years before going there was in charge of St. Joseph's church at Oshkosh. Funeral services were held at Oshkosh yesterday, with interment in St. Mary's cemetery. Among the large number of clergymen present were Rev. P. Nowowski of Plover and Rev. A. Porysiak of Junction City.

MUST REGISTER SOON

German Alien Girls and Women Must Furnish Information to Uncle Sam's Agents

The city officers, 122 N. Third street, will be headquarters for the registration of German alien women and girls 14 years of age or older during the 10-day period from June 17 to 26, inclusive. Chief of Police John S. Hofsoos and Postmaster Alex Krembs will be in charge and all women residing in the city or on rural routes leading out of Stevens Point, who are subject to the provisions of the regulations, should report to them during the period designated.

The registration of the women will be along the same lines as the registration of German alien men a couple of months ago. Like the men, the women will be required to answer many questions and to furnish four recent bust photographs, size 3x3 inches on light background, of themselves without hat or other head covering. Finger prints of each registrant will also be taken.

Every female resident of the United States 14 years of age or older, who is a subject of the Imperial German government, is required to register. The marriage prior to April 6, 1917, of a German alien female to a citizen of the United States, naturalizes her as an American citizen. Likewise, an American woman who has married a foreigner takes the nationality of her husband.

Registration cards will be issued at the city offices not sooner than 10 days or later than 15 days after registration, and each registrant must call in person for her card.

CLOSE YEAR'S WORK

The completion of the year's work by the pupils of the Sunday school of the Church of the Intercession next Sunday afternoon at 4:30 o'clock, when the children will bring flowers and potted plants to the church. These will afterward be taken to the sick in the city, at the hospital and in private homes. The pupils will receive their promotion certificates at the close of the service. Sunday evening services at the Church of the Intercession were ended with the service last Sunday, for the summer.

MAY NOT RECOVER

Leone J. Carley, a Stevens Point Normal graduate in 1914, is very dangerously sick at his home in Appleton but the exact nature of his illness is not known as yet. The doctors are undecided whether he is suffering from tuberculosis or hardening of the arteries. During the school year of 1914-15 Mr. Carley was principal at Carter, Forest county, then going to New Richmond as supervisor of manual training in the High school. In September last he accepted a similar position at Johnston, Pa., and remained in the east until a few weeks ago. The young man was married early last fall to a Minneapolis girl.

JOINS ARMY ENGINEERS

Elmo Francis McCann, son of Mr. and Mrs. C. H. McCann of this city, left last Saturday morning for Camp Dix, Wrightstown, N. J., as one of 25 men who volunteered for service as railroad engineers in France. The young man began railroad work as an engine hostler at the local Soo line roundhouse when he was 16 years of age, and while in that capacity learned to run an engine. Later he worked as yard clerk for the Soo. While at Milwaukee last October he volunteered for enlistment in the engineers' corps, passed the preliminary physical examination, but in the final test was turned down because of poor sight in one eye. He then returned to Milwaukee, where he had since been employed as a foreman in the plant of the Federal Rubber Co. He returned home last Thursday afternoon for a farewell visit.

WAS IN SERIOUS CONDITION

Mrs. B. F. Bowen, a former resident of this city, now of Minneapolis, was taken to St. Barnabas' hospital in that city about four weeks ago and submitted to a very serious operation for a complication of diseases. At first her life was despaired of but she rallied after the operation and has since been on the road to recovery. She returned home last week from the hospital greatly improved in health. Mrs. Bowen is the wife of B. F. Bowen, a well known passenger conductor on the Soo line. Mrs. Bowen has a great many friends in this city and county who will be much pleased to hear of her recovery.

FIRST CLASS OFFICE

Stevens Point Postoffice to Take Higher Rank at Beginning of New Fiscal Year

After June 30, 1918, the Stevens Point postoffice will no longer be a second class office in a first class town.

Official information received by Postmaster Alex Krembs last Friday general, contained the welcome announcement that at the beginning of the new fiscal year, July 1, 1918, the Stevens Point postoffice will rank as first class. This means that the annual receipts of the local office have passed the \$40,000 mark.

In ordinary times the reassignment of a postoffice from second to first class would be accompanied by a salary readjustment upward among the postmaster and employees of the office, including the city letter carriers, but owing to the war there will be no immediate salary changes by reason of the change in classification. The office has been rated as second class for 25 years, having passed from third to second during the term of E. McGlachlin as postmaster.

BIGELOW FARM SOLD

Geo. W. Bigelow has sold his eighty-acre farm just west of Plover village to J. J. Heffron, but reserved a few acres of wood land and a strip along the river for the use of picnic parties who desire to take outing at the "yellow banks." A neat house with stucco cement walls occupies one corner of the property. Mr. Heffron, who is engaged in the real estate business, will sell or lease the place for agricultural purposes.

NOW GETTING BETTER

Frank J. O'Keefe, who suffered three hemorrhages of the stomach a few days ago, is now convalescing at his home on Main street. The first attack came a week ago last Friday but was not serious enough to lay him up, in fact Frank got out next day and continued his duties as local representative for a woolen goods house, makers of men's clothing. He carried a heavy grip to the South Side and called on a patron but while returning home he was taken with a weak spell. This happened near the John Grimm home at 1125 Church street and Mr. O'Keefe barely retained strength enough to reach the door of Mr. Grimm's house, on which he knocked and then lapsed into unconsciousness. Members of the family came to his aid and medical attendance was secured, the gentleman being home shortly afterwards taken to his home. About 11 o'clock that night he had the third hemorrhage, leaving him in a very weakened condition for several days.

POLISH FLAG UNFURLED

Panner, Under Which Many Soldiers From This Vicinity Will Settle, On Battlefield

The Polish flag, under which many young men from Portage and other Wisconsin counties have gone out to fight for democracy, has taken its place on the battlefields of France, according to the following dispatch from Washington:

Information reached Polish leaders in Washington on Sunday that the Polish army, which has for some months been in process of formation in France, and which contains many Poles from the United States, will make its formal entry in the battle line on Tuesday, June 4, unfolding a new national flag in the army of the allies.

There are about 15,000 men in the Polish army as it stands, mostly recruited in the United States, and about 2,000 Poles recruited in Argentina and Brazil.

Efforts are being made to increase the number to 50,000. As fast as recruits are obtained they are sent to the training camp at Niagara-on-the-Lake, Canada.

The contingent of about 2,000 Poles recruited in South America, only recently landed in France. There are about 2,000 Poles from New York, more than 1,000 from New England, large contingents from Philadelphia, Pittsburgh, Milwaukee, Cleveland and Toledo, all of them volunteers.

VISITED WITH RELATIVES

Emmet Baker spent the week end with his parents, Mr. and Mrs. F. C. Baker, 214 Center street. He is at present acting as operator at New Richmond for the Soo line.

Catarhal Deafness Cannot Be Cured

Catarhal deafness, as many people know, is the most common cause of deafness, and that it is by a constitutional remedy. Catarhal deafness is caused by an inflammation of the middle ear, which is the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Failure of the Eustachian tube to function properly is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the ears. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, F. J. CHENEY & CO., Toledo, O.

TO SCATTER SELECTMEN

Men Taken in Draft Are to Be Used to Fill Up Units Short of Strength

Future increments of selectmen will not be trained in state units at cantonments near their homes, but will be sent to camps without regard to geographical location, according to advices from Washington.

It was explained at the war department that a readjustment has been found necessary in the distribution of men now being called due to the conversion of several cantonments for other purposes. One of the national army camps has been converted into an embarkation camp. Replacement camps have been established at a number of points and the method to be followed will be that of sending men wherever units are short of strength.

Selectmen of future calls will be sent to France after shorter periods of training than in the first call, as arrangements now have been completed for the training of larger bodies of Americans in France and England. Four months is expected to be the longest period men will be in camp on this side of the Atlantic under the new plans.

SOCIAL HAPPENINGS of INTEREST

Miss Regina H. Semers, teacher of first grade No. 2, towns of Stockton and Amherst, will celebrate her pupils at a picnic on Thursday afternoon at a nearby lake. The school year will close on Friday.

Amherst Advocate, Mrs. Almer Lohrey of Nelsonville and Mrs. Rose Wilson of this village, left Tuesday morning for Fort Stevens, Oregon, where the former will visit her husband at a where upon their arrival Miss Wilson will be united in marriage to Harold Munchow, who until entering the army a short time ago was one of Amherst's business men. Miss Wilson and Mr. Munchow both have a host of friends in this village and vicinity who wish them much happiness. Mrs. Fred Lohmann, whose husband is also stationed at Fort Stevens, had also planned to make the trip west, but on Monday she received a message from Mr. Lohmann saying that he was about to be transferred to Jacksonville, Florida.

J. P. Barton of Minneapolis, chairman of the general committee of adjustment for the Soo line conductors, attended a regular meeting of the O. R. C. at their rooms in the Adams hall last Sunday afternoon and imparted much information of interest to those present. Immediately after the session was concluded, wives and other lady friends of the conductors and members of their families assembled at the hall, the ladies coming prepared to serve a 6 o'clock dinner, which was enjoyed by a company of fifty. All present were given an opportunity to meet Mr. Barton and his estimable wife, who accompanied him from Minneapolis until this morning. The brotherhood official returned to Minneapolis on Monday.

The full and complete account of the marriage of Barton L. Ambrose, which took place at Wausau on Tuesday evening of last week, as previously mentioned in The Gazette, appeared in the Wausau Record-Herald of Wednesday.

A pretty wedding took place last evening at eight o'clock at the home of Mr. and Mrs. E. W. Fryatt, 410 N. Sixth avenue, when their daughter, Miss Gladys C. Fryatt, and Burton L. Ambrose of Stevens Point were united in marriage. Rev. D. Jenkins Williams read the nuptial vows, following which the wedding march played by Miss Evelyn Renneberg. The bride was attired in a gown of white georgette crepe and carried a shower bouquet of sweet peas and rose buds. She was attended by Miss Rose Dickert, who wore cream silk lace and carried lilies-of-the-valley. Erwin Fryatt, brother of the bride, attended the groom. A wedding dinner was served to only immediate friends and relatives after the ceremony, after which Mr. and Mrs. Ambrose left for a trip to Loveland, Colo. They will be at home at Washburn to their friends after June 15, where Mr. Ambrose is employed as chemist in the DuPont-DeNemours factory. Mr. and Mrs. John Ambrose of Owen, parents of the groom, were the only out of town guests.

The following article, taken from the Fond du Lac Reporter of Saturday, will be of interest to friends of Miss Jennie Graham, a former member of the faculties of the Stevens Point High and Normal schools:

Last evening the members of the Women's class of the Plymouth Congregational church school gathered in the manse to say good-bye to their teacher, Miss Jennie Graham, who has been at the head of the teachers' training department of the high school for the past two years, and likewise the most capable and highly esteemed teacher of the Women's class in Plymouth church school for the same length of time. The evening's program included several delightful readings by Miss Elizabeth Waters, phonograph selections, the reading of an original poem by Mrs. Carrie Ryder, and the presentation of a beautiful hand embroidered luncheon set to Miss Graham. Mrs. Hopkin made the presentation for the class, in a short speech that was full of appreciative feeling. Miss Graham most fittingly replied.

Light refreshments were served, then followed a half-hour of social chat, and the discussion of the future of the class, after which the very pleasant gathering came to a close all sorry to lose Miss Graham as their teacher, but happy in the thought of having had her with them for the past two years, and for the delightful spirit of harmony and good will that has always attended the meetings, work, and social gatherings of the class.

George R. Nelson is the new president of the Stevens Point Rotary club, elected at the annual meeting of the organization, which was held in connection with the regular bi-weekly luncheon at the public library Monday. Other officers elected are: Vice president, A. H. Sikes; secretary, L. J. Seeger; treasurer, J. W. Dunegan; sergeant at arms, J. R. Pfeiffer. George B. Nelson, A. H. Sikes, C. S. Orthman, E. B. Robertson, C. E. Urbahn, Alex. Krembs and F. M. Glennon are the directors chosen.

The report of the financial condition of the club, given by Secretary Seeger, was very satisfactory, showing a tidy balance. The election of directors followed the presentation of the nomination committee's report by J. R. Pfeiffer. A recess was then taken to allow the directors to elect officers, in accordance with the by-laws.

R. K. McDonald, the retiring president, in a few words expressed his thanks for the privilege accorded him of serving as first president of the club, and paid a tribute to Rotary, through which, he had come

to know, in a deeper sense, men whom he had known before only as passing acquaintances. Mr. McDonald was elected a vote of thanks for his services as head of the club during the first year of its existence and the sacrifices he had made in order to make it success.

Rev. E. Croft Gear mentioned the fact that at the time the last contingent of Portage county drafted men for Camp Grant, there were evidences of intoxication among them, and he suggested that the club might take some steps to prevent a recurrence of this. It was announced, however, that men were already being considered to see that the law regarding the sale of liquor to soldiers is strictly enforced.

A committee, consisting of W. E. Atwell, J. R. Pfeiffer and H. J. Weck was appointed to have guide signs erected in various parts of the city to guide tourists, at a cost not to exceed \$25. The secretary was also instructed to take up with the Retailers' association the question of placing similar signs on roads leading into and out of the city.

A pretty June wedding took place at the home of Mr. and Mrs. Ernest Viertel, 355 Fremont street, Tuesday evening, when their daughter, Miss Lorna Viertel, became the bride of Max E. Huey. The marriage service was read by Rev. Karl Freytag, pastor of the Evangelical Friedens church. The home was attractively decorated with bridal wreath flowers and yellow and white crepe paper streamers. The wedding party entered the parlor while the wedding march from Lohengrin was played by Miss Clara Viertel, a cousin of the bride. Miss Viertel wore a traveling suit of Copenhagen blue and carried a bouquet of cream roses. The bridesmaid, Miss Laura Gussel, wore taffeta and carried a basket of pink and white sweet peas. Otto Viertel of Chicago, a brother of the bride, was best man.

A wedding dinner was served following the ceremony, with Mrs. Julia Schmidt and the Misses Ada Urban

and Ella Dittman as servers. Mr. and Mrs. Huey left on an early train today for Ashland, where they will make their home until next September, when they will return to Stevens Point. Mr. Huey, who was for four years a first class fireman in the United States navy, has been in the employ of the Soo line as brakeman, with headquarters in this city, for the past year. He is temporarily making his headquarters at Ashland while employed on one train running between that city and Bessemer, Mich.

The following out of town guests were present at the wedding: Mrs. E. Pautsch, Milwaukee; Arnold Stange, Loyal, and Paul Prell, a cousin of the bride, who is attending Eden Seminary, St. Louis, Mo. Mr. Prell, who is a Stevens Point young man, is studying for the ministry.

A marriage license was issued last week through the office of County Clerk Bourn of this city to Miss Esther Peickert, daughter of Mr. and Mrs. Otto J. Peickert of Stevens Point, and Benjamin J. LaHaye of Green Bay. In their application, they stated they were to be married at Baraboo on Saturday, June 1, and it was presumed they are now Mr. and Mrs. LaHaye. That they intended to keep their marriage a secret is indicated by the fact that they made their arrangements all unbeknownst to Miss Peickert's local relatives and friends. The bride is a graduate of the Stevens Point High school and during the last three months of the school year just closed was a teacher in the public school at Oxford. Mr. LaHaye was formerly employed in the local Metropolitan Store. He is now manager of a store at Baraboo.

Marriage licenses have been issued to or applied for by the following: Allard C. Haertel, Stevens Point, and Victoria Kaczmarek, Stevens Point; Charles Mancel, Carleton, and Rose Young, St. Mary; Blaine D. Carlton, Stevens Point, and Cecile Boursier, Stevens Point; Chester Skrzeczkowski, Junction City, and Magdalene Malick, Junction City.

An event of much interest to local residents took place at St. John's Catholic church in Green Bay on Monday morning of this week, when Allard C. Haertel and Miss Victoria Kaczmarek, both of this city, were united in marriage. Miss Regina Frasch and Xavier Kaczmarek of this city, the latter a brother of the bride, were the attendants.

Following the ceremony the wedding party partook of dinner at the home of the bride's sister, Mrs. Frank Marshall, at DePere. In the afternoon Mr. and Mrs. Haertel left for a trip to Appleton, Manitowish, Milwaukee and Chicago, to be gone about two weeks. On returning to this city they will reside for the present with the bride's parents. Mr. and Mrs. John Kaczmarek, 122 Normal avenue. Mr. Haertel is a son of Mr. and Mrs. Ed. C. Haertel, 1033 S. Water street. He is a graduate of the Stevens Point High school and during the past few years has been in the employ of the Wisconsin State bank, with which institution he now holds the position of assistant cashier. His bride has always lived here and formerly attended the Normal and business college. For several years she was employed in the Metropolitan Store and in the jewelry store of J. Iverson on N. Third street.

Miss Marian Abrahamson and Maurice Anderson, both of Nelsonville and members of well known Portage county families, were married by Rev. Theo. Ringen at Trinity Lutheran church in this city last Saturday morning. The witnesses were Norrin Krogwald and Alvin Olstad. The newly married couple left Saturday afternoon for Nelsonville, where they will reside.

P. T. Higgins, agent for the Soo line and Green Bay railroad at Amherst Junction, was married at Lankford yesterday morning to Miss Margaret Griffith, a popular young lady, resident of that township. The ceremony was performed at St. Patrick's church by Rev. M. Hauch, after which

a wedding breakfast was served at the home of the bride's aunt, where Margaret has lived since the death of her mother several years ago. Mr. and Mrs. Higgins boarded the afternoon train for a brief trip to Milwaukee and other cities south of here. Pat is one of Portage county's best boys and fully deserves an abundance of life's blessings. He and his bride have the well wishes of all who know them.

Miss Alma Breitenstein entertained a large number of friends at her home in Stockton, Tuesday evening, at a towel shower in honor of her cousin, Miss Grace Breitenstein, whose marriage to John Berdan of Milladore will take place soon. Instrumental and vocal selections were much enjoyed, after which a delicious lunch was served.

RECRUITS WANTED

Don't make a Drudge of your wife's life!!!

Isn't she entitled to the same modern conveniences in the home that you have on the farm?
Your land wouldn't be very productive if you didn't have modern implements to work it with.
Isn't your family's health and comfort as important to you as your farm?
Install an up-to-date water supply system in your home!
Never mind the cost—it will earn its OWN cost for you in a short time. Besides, it may not be as expensive as you imagine. Find out.
Just think of the advantages:
No more backache-producing hand pumps.
No more unsanitary, disease-bringing stagnant water troughs.
A sure supply of fresh running water for your entire home.
No more carrying a ten pound pail of water to perform the various household tasks.
No more worry and fuss to get water when and where you want it.
Don't let your own family suffer the small measure of comfort that is yours.
Don't double the cost of a job that you can do in half the time with us. Make us an estimate and we will be the first to show you how to save money.
We are now open every day.

UNDER HEAVY BONDS

Mrs. A. E. Gebert, wife of a wealthy merchant of Milwaukee, Wis., was held for some time in the city of Stevens Point, Wis., on Saturday, the 4th inst., for a charge of making threats to kill the president, pleaded not guilty. Bail was fixed at \$5,000, which she obtained and was released.

It is expected those who pleaded not guilty in these war law cases will be tried at the term of the federal court to be held in Eau Claire in July.

Stevens Point observes Memorial Day with realization of its meaning.

With a realization of the solemnity of the occasion that conformed to the spirit of the holiday, Stevens Point observed its annual observance of Memorial Day, last Thursday. Although the threatening clouds obscured the sun during the forenoon, the afternoon was fair and bright, and as a result hundreds of people attended the exercises.

THREE ARE GRADUATED

Three young people, Alice Anderson, Norris Johnson and Crystal Zwicki, were graduated from the Nelsonville state graded school last Friday evening. M. M. Ames of this city, a former member of the Stevens Point Normal faculty, delivered the commencement address, using for his subject, "The Token of the Sword." Mrs. Ames, Miss Gladys Gordon, Troy Gordon and Miss Cora Dorrade, county supervising teacher, were among those from this city who attended the exercises.

NORMAL CLASS DAY

The annual Normal senior class day was observed Tuesday morning at general exercise period. The morning session was turned over to the seniors, who decorated the auditorium with their class colors of purple and white. The senior motto, "More Beyond," draped the upper part of the rostrum. A program was carried out after the seniors marched into the assembly in a body. The following program was given:

Song by class.
The Rosary—Girls quintette.
Class prophecy.
Solo—"Faint Heart Never Won Fair Lady"—O. Bacher.
Stunt—By talented seniors.
Songs by class.

MOTOR BURNS OUT

While Joseph Bartkowiak, night policeman, was making his rounds early last Friday morning in the downtown business district, he discovered smoke in the Shafon white front building on Main street. He investigated and then turned in an alarm to fire company No. 1. In the meantime he went to the residence of I. Shafon, owner of the building and of the clothing store therein, procured a key and opened a door for the firemen. It was found that the smoke came from a motor in the basement, used in connection with a private water system. The motor had become so hot through steady operation that it was turned out. There was no fire and no water was thrown. The motor will be replaced as it is a total loss.

NORMAL WINS THIRD

While Joseph Bartkowiak, night policeman, was making his rounds early last Friday morning in the downtown business district, he discovered smoke in the Shafon white front building on Main street. He investigated and then turned in an alarm to fire company No. 1. In the meantime he went to the residence of I. Shafon, owner of the building and of the clothing store therein, procured a key and opened a door for the firemen. It was found that the smoke came from a motor in the basement, used in connection with a private water system. The motor had become so hot through steady operation that it was turned out. There was no fire and no water was thrown. The motor will be replaced as it is a total loss.

HONOR SOLDIER DEAD

Stevens Point observes Memorial Day with realization of its meaning.

With a realization of the solemnity of the occasion that conformed to the spirit of the holiday, Stevens Point observed its annual observance of Memorial Day, last Thursday. Although the threatening clouds obscured the sun during the forenoon, the afternoon was fair and bright, and as a result hundreds of people attended the exercises.

In the forenoon flags were placed on the graves of the soldier dead by members of the Grand Army post in the various cemeteries; the last resting places of the nation's heroes were strewn with flowers by the Woman's Relief Corps and flower girls, and an impressive service was held at the Episcopal Church of the Intercession. At the church service voluntary contributions of \$25.03 were received, and this amount was turned over to the Red Cross chapter.

The usual exercises at the soldiers' and sailors' monument at the court house were held at 1 o'clock in the afternoon, in charge of the Woman's Relief Corps. The parade, in which were included the G. A. R. members, Woman's Relief Corps and Co. M, Wisconsin State Guard, with Weber's band leading, then moved to the Armory, where the principal program of the day was carried out under the chairmanship of John W. Brown, president of the Loyalty Legion chapter.

At the afternoon meeting W. A. Hayes of Milwaukee, attorney for the Soo line in Wisconsin, gave an address. Mr. Hayes, who has the gift of eloquence to a marked degree, uttered a ringing indictment of the government of the German autocrats and showed clearly why war was the only course left to the United States when all efforts to secure respect of the nation's rights had failed. He outlined the crimes of Germany against this country and declared that only by crushing the militarism of the central powers can the peace of the world be made secure. Mr. Hayes paid a glowing tribute to the veterans of the civil war, who fought and bled to preserve the union, and also spoke in high terms of President Wilson, who, he said, should have the united support of every American. He gave a message of hope in his reference to America's increasingly important part in the great struggle. In conclusion he suggested that the people of Stevens Point take steps to erect a monument in honor of the men who have gone out to fight for the flag and democracy, with the name of each inscribed upon the shaft.

The exercises at the court house square in the afternoon were given a military touch by the presence of Co. M and the firing of a salute by a squad of the Guardsmen in uniform, in honor of the soldier dead. This was done in response to orders from O. R. Holway, the adjutant general. Co. M marched in a body to the court house in the morning.

A ONE-HORSE FARMER

This is the title given himself by Thomas Stevens, farmer, now in Old Virginia.

Thomas Stevens, a farmer, now in Old Virginia, is a one-horse farmer. He has a fine farm with a large house and a small barn. He has a fine horse and a fine cow. He has a fine pig and a fine chicken. He has a fine dog and a fine cat. He has a fine garden and a fine orchard. He has a fine pond and a fine stream. He has a fine view of the mountains and the sea.

One man can do as much work in his section as two in the north, as plowing is done in the winter and we have from the first of May to the first of July to put in crops, without danger of their freezing.

Regards to all.

G. B. Dodge.

POINT WINS DOUBLES

The much abused C. W. I. tennis tourney, which was to have been played off at the time of the inter-school track and field meet held at the fair grounds two weeks ago, finally came to pass on Saturday of last week in the cement court owned by the Whiting Paper Co. The original entries included four schools. This entry dwindled down to a competition of four players, representing Wausau and Stevens Point. Merrill and Appleton failed to appear. The results of the meet gave the honors in the singles to a Wausau athlete, while the home representatives won the doubles. Allan Park and James Moxon constituted the home team, while Redetzke and Meyer backed the red and white of Wausau. The single honors were copied by Beyers, who defeated Park and Moxon in turn. Moxon, through his defeat of Redetzke, was given second place, while Park, in the play off for third, was victorious over the Wausau player, Redetzke. The doubles were won quite handsily by the locals.

The singles cup was presented to Meyer of Wausau, this cup being donated by The College Inn. The local players were awarded cups for the doubles victory by Moll-Glenon Co. and the Stevens Point Cleaning & Dye Works. Ribbons for 2nd and 3rd places were also awarded, the donor being The Gazette.

DUGGAN HEADS CARRIERS

Stevens Point Man Chosen President of Portage County Rural Carriers' Association.

Officers of the Portage County Rural Mail Carriers association were elected as follows at the annual meeting of the organization, held at Woodman hall in this city last Thursday: President—William Duggan, Stevens Point.

Vice President—F. W. Keffner, Almond.

Secretary—M. L. Gordon, Stevens Point.

Treasurer—Theodore Kubisiak, Amherst Junction.

George E. Vaughn of this city, Ben Halverson of Rosholt and Theodore Kubisiak were elected delegates to the state convention to be held at Wausau in July. A resolution committee consisting of W. F. Cartmill, M. L. Gordon and Frank Maddy of this city was appointed. Among the resolutions to be drawn will be one pledging loyalty to the government, another thanking the legislators from this state for their assistance in securing the passage of legislation beneficial to rural carriers and another, to be presented to the county board, advocating better roads in the county.

ORDER NUMBER COUNTS

The following statement from the office of E. H. Crowder, the provost marshal general, explains a question regarding the draft which, in the minds of some, has not been quite clear.

A number of inquiries have reached the office which indicate that many registrants still believe that the first draft is a must be exhausted before the second draft can be ordered. This is a mistake. IS AMES SUCCESSOR

H. R. Steiner Returns to Local Normal as Teacher of American History and Civics.

The position of teacher of American history and civics at the Stevens Point Normal, vacated by Prof. M. M. Ames in April, has been filled by the appointment of H. R. Steiner, city superintendent of Mauston.

Mr. Steiner is a graduate of the Duane County Training School and the Stevens Point Normal school, and will receive his degree from the University of Wisconsin in July. He has had experience in rural schools, state graded schools, high schools and as a city superintendent. He comes into this position with thorough preparation, a successful teaching career, and high ambition. He has made good in every teaching position he has filled and he enters this work with every promise of success, knowing full well the excellence of the teaching of his predecessor, Prof. Ames.

The Steiner family will be heartily welcomed to Stevens Point, especially because of the fact that Mrs. Steiner was a local girl. She was formerly Miss Merle Young and is a daughter of Mr. and Mrs. W. S. Young of this city.

HIKING CONTEST ENDS

Hiking clubs, consisting of young women students of the Normal and numbering five distinct organizations, completed a two months' contest on Wednesday night of last week. The girls, growing quite enthusiastic about hiking, made several long walks during this period. Each club consisted of 20 members, 10 of whom were required to be in the group before the hike could be counted in competition. The captain of each team carried a pedometer which registered the number of miles on each walk. The number of miles covered was multiplied by the number of women participating in the journey. Each hike was posted separately. Miss Amy Mason captained the winning team whose monicker, "The Hiking Hoboes," brought good luck. The members of this team will be presented with silver pins. The team scored over 2,500 points. The "Baby Fords" were a close second and gave the former team keen opposition. Lola Smith captained the latter team.

LADIES DESERVE CREDIT

The ladies of Buena Vista township who solicited for the recent Red Cross drive deserve much credit for the business like manner in which they conducted the work. Every house was canvassed so far as it was possible and a sum of \$465 raised, putting Buena Vista far over the top. Mrs. G. C. Springer, in charge of the work, was assisted by the Mesdames C. W. Eckels, Geo. Turrish, H. E. Steink, L. E. Wentworth, C. A. Newby, L. A. Precourt, D. T. Gates, W. D. Coddington, B. C. Adams, Geo. Corrigan.

VISIT LOCAL COMPANY

Col. Hugh Pomeroy of Appleton and Major G. M. West of Green Bay made an informal inspection of Co. M, 9th Regiment, Wisconsin State Guards, Monday. They arrived in the afternoon and remained until Tuesday morning. About fifty members of the company turned out for drill in the evening and went through an hour and a half's work under the direction of the two visiting officers on the public square. Both Col. Pomeroy and Major West, who are old National Guard men, were pleased with the showing of the local company, which is practically a new organization. They were particularly impressed with the fact that its membership consists largely of young men. Co. M, with the other State Guard companies, expects to attend the encampment at Camp Douglas in July, starting about the 15th. The state will pay the Guardsmen nothing in the way of compensation for the time spent. In other cities employers have offered to allow full time to their workmen who attend the encampment, and the hope is expressed that local employers will do likewise.

BRINGS FAMILY HERE

R. G. Fox, who recently purchased the barber shop formerly conducted by E. J. Nelson at 1200 S. Division street, has moved his family from Wausau to the residence at 609 Water street. Mr. Fox is planning on moving his shop from the present location to 1206 Division street. The latter building was up until quite recently occupied by F. W. Giese for over 20 years. The latter who conducts a tailor shop, has moved into one of J. Iverson's apartments on the newly named Depot street.
